HEALTH OFFICER'S REPORT

From February 1, 1933 to February 1, 1934 no contagious diseases have been reported to the Health Officer.

LOUIS L. COMSTOCK, Health Officer.

The New Hampshire Tuberculosis Association Clinic and Nursing Service,
Charlestown, January 1, 1933 to January 1, 1934.

During 1933 the New Hampshire Tuberculosis Association continued its case finding and follow-up service with Miss Cluffie M. Gobie, R. N., in charge of the work in Sullivan County.

The yearly Charlestown clinic, with Dr. Robert B. Kerr, examining physician for the association in charge, was held in May. Sixty-one persons were examined, and of these 53 were children. At the present time 13 positive and 6 suspicious cases of tuberculosis are under supervision. The work is entirely financed by the sale of the Tuberculosis Christmas Seals, and is of inestimable value to the community in its campaign of educating the public in the prevention of tuberculosis and protection of children.

Miss Anable of the State Library Commission made us a three days visit in June, and weeded out old and worn out books, but saving old books that were of value.

She also suggested changes in the building that were carried out, much to the benefit of Librarian and patrons.

The Trustees room was given over to the Librarian as a work room and place to keep supplies. The table moved out into the open, and the grill work that separated the front hall from the stack room removed, making better access to the stacks. Mr. Hoffman of the Board of Trustees gave us a small stack to be used to display new books.

The manual training class in the High School made us very nice book-ends to hold our World Encyclopedia.

The question of discipline in the Library still causes trouble, as the boys and girls do not seem to be able to comprehend the use of a Library. A place to read and study and not a Club Room. I wish the parents would take more active interest in this matter. We have to take some rather drastic methods to enforce the rule "No loud talking".

FRANK W. HAMLIN, School Treasurer.

Report of Superintendent of Schools

To the Charlestown School Board;—

I hereby submit my fourth annual report as your superintendent of schools.

Charlestown is fortunate in having eleven of last year's teachers on the staff this year. There are two new teachers this year, Miss Florence Child, domestic science, and Miss Ella D. Perham, South Charlestown School.

The businesslike attitude of the pupils referred to last year has continued in the village schools. It is prominent not only in the class-room, but in sports, plays, and other activities. Headmaster Steele and the teachers are to be congratulated for developing and helping to maintain such a fine spirit among the student body, and the pupils deserve credit. A high standard of work has been held at the Farwell School, and Miss Perham has shown ability and made real progress toward improving the conditions at the South School.

To save expenses no music teacher was hired this year. Mrs. Hessler Gates has given her services to help with the work in the high school. Interest in music has strengthened under her leadership, the period has become one of real value.

Mrs. Z. L. Hasham, school nurse, has continued her excellent work. She has helped in many ways to keep the children strong and well. The State and Nation has furnished cod liver oil and milk for those who needed them. The local Red Cross has helped furnish materials for hot noon lunches which have been prepared in Miss Child's department. Fifty dollars from the Salem race track fund and fifty dollars from the local Red Cross were used to hire Dr. Crandall to do school dental work. As Dr. Crandall did this work at one-half regular prices, two hundred dollars worth of work was done on the pupils' teeth without any expense to them. I hope that this work

may be continued here next year.

We expect teachers to prepare carefully each lesson to be taught, to correct every error on the papers passed in, to help any and all pupils that have special difficulties, to play with the children at noon and recesses, and to teach with vigor and kindness. To do this a teacher should not have more than twenty pupils in the lower grades and not more than twenty-five in the upper grades. We should take this into consideration when discussing teachers' salaries. Our middle grade rooms have had from thirty-eight to forty-nine pupils each during the last two years, and our junior high room up to fifty-six.

During the past two years Charlestown, with few exceptions, has cut salaries. This has been the spirit of the times. Last year the teachers' salary cuts were small due to the cuts of the year before. The combination of the two years has lowered our schedule far below the average of the state. The average salary for grade teachers in the other towns of this union is \$874.44 while the average here is \$847.46. Yet our schools are larger and board is higher than at most of these other schools. If comparisons were made with some of the high school salaries, the results would be as bad. We must be careful not to find ourselves paying too low salaries on a rising market.

The school officials' salaries were cut this year fifteen per cent, and Charlestown's part of the superintendent's salary was cut one hundred and eighty dollars.

As far as the grade teachers' salaries are concerned no saving was made for Charlestown, as the State would have approved a far higher scale than we are paying the teachers with their qualifications. The reductions made in the salaries of the school officials, superintendent, and high school teachers was a saving to the local taxpayers.

Through the kindness of the citizens in giving the schools the use of the Town Hall, several good school entertainments have been given, and the Athletic Association has been able to maintain a high standing.

I have made a table showing the actual expenses and income for 1932-33 as compared with the estimated expenses and income for 1933-34. You may be interested to study again the report of last year to compare the amounts for 1932-33 with the estimates and with the eleven year averages of 1922-32.

This should leave a balance of over three hundred dollars at the end of the fiscal year 1933-34.

I wish to express my appreciation to Mrs. Gates for the valuable and generous help she has given in music, and to the local Red Cross for their many kind deeds through the schools.

I thank the Charlestown School Board and teachers for their cooperation and help, the pupils for the loyal support they have given the teachers, and the parents and other citizens for their kindness.

Respectfully submitted,

WALTER L. MASON
